## TRUSS ME BRACKETS

These brackets, in cooperation with random lengths or 1-1/4" aluminum or steel, will make an immediate truss. Material selection for various types of pipe should be based on proper pay load calculations. The Pass Through Bracket will allow the vertical truss column to pass through the horizontal member, allowing for multiple horizontal members.

Custom colors and/or finishes are available upon request. The standard finish is flat black powder coat.

| CATALOG # | DESCRIPTION                         | LBS  | LIST PRICE |
|-----------|-------------------------------------|------|------------|
| 437001    | Truss Me Bracket — Spacer           | 2.5  | \$94.00    |
| 437002    | Truss Me Bracket — Splicer          | 3.5  | 99.00      |
| 437003    | Truss Me Bracket — Base             | 21.5 | 138.00     |
| 437004    | Truss Me Bracket — 90° Pass Through | 5.5  | 248.00     |

429629  
JK CLAMP

## JK CLAMP

Designed for use with theatrical fixtures. Combines a pipe clamp and a Magic Finger. Allows fixture to hang plumb when hanging position is not horizontal to the floor, or easy adjustment of the fixture into otherwise awkward positions.

| CATALOG # | DESCRIPTION | LBS | LIST PRICE |
|-----------|-------------|-----|------------|
| 429629    | JK Clamp    | 4   | \$149.00   |

## BIG BEN CLAMP

A "cheeseboro" clamp with a 1-1/8" pin attached to it serves multiple purposes. Use it with a piece of pipe with a diameter of 1-3/4" to 3-1/4" as a temporary overhead grid.

| CATALOG # | DESCRIPTION   | LBS | LIST PRICE |
|-----------|---------------|-----|------------|
| 429620    | Big Ben Clamp | 3   | \$66.00    |

## BABY GRID CLAMP (Little Ben Clamp)

Made to clamp securely on overhead grids, car rigs, or camera car rails for mounting light fixtures. The Baby Grid Clamp can also be inverted with the pin mounting into a Grip Head for spanning pipe between two stands. Clamp will grip 1-1/4" pipe (1.660) OD minimum diameter, to a maximum of 1-1/2" pipe (1.990) OD.

| CATALOG # | DESCRIPTION     | LBS  | LIST PRICE |
|-----------|-----------------|------|------------|
| 425157    | Baby Grid Clamp | 2.27 | \$55.00    |

## SWIVEL GRID CLAMP

Virtually unbreakable. When the ultimate in strength is required. Clamp will grip 1-1/4" pipe (1.660) OD minimum diameter, to a maximum of 1-1/2" pipe (1.900) OD.

| CATALOG # | DESCRIPTION       | LBS | LIST PRICE |
|-----------|-------------------|-----|------------|
| 425160    | Swivel Grid Clamp | 5   | \$39.00    |

## JUNIOR GRID CLAMP

For mounting larger lighting fixtures securely to overhead grids, car rigs, or camera car rails. Clamp will grip 1-1/4" pipe (1.660) OD minimum diameter, to a maximum of 1-1/2" pipe (1.990) OD.

| CATALOG # | DESCRIPTION       | LBS  | LIST PRICE |
|-----------|-------------------|------|------------|
| 425158    | Junior Grid Clamp | 3.25 | \$61.00    |

## PIPE CLAMPS

Both the Baby Pipe Clamp and the Junior Pipe Clamp have a uniquely designed hook molded into the clamp, which keeps the clamp on the pipe even with a light fixture attached while the bolt is being tightened. The Baby Pipe Clamp terminates in a 5/8" Pin with a safety chain and cotter pin attached. The Junior Pipe Clamp of course terminates in a Junior Receiver and also has a safety cable.

| CATALOG # | DESCRIPTION       | LBS | LIST PRICE |
|-----------|-------------------|-----|------------|
| 429618    | Baby Pipe Clamp   | 2.5 | \$42.00    |
| 429619    | Junior Pipe Clamp | 3.5 | 59.00      |
